

Fast facts

Redlanders are commuters

- 61% of Redlanders who work full time commute to Brisbane, Logan or the Gold Coast everyday

We love our cars

- 85% of Redlanders who work in Brisbane, travel by car
- 90% of Redlanders who work in Redlands Coast travel by car

A higher percentage of our population drive to work than in most other parts of Australia:

- 69% of Australian workers travel to work by car (2016 Census)

We are not big users of public transport - yet

- 14% of Redlanders who travel to work in Brisbane use public transport
- 5% of Redlanders who work in Redlands Coast use public transport

We do walk and ride to get around, but not to work:

- 5% of residents walk or cycle to work
- 27% of trips within the city are bike or walking trips

Did you know

- Trains carry 500 people (capacity of a short, three-car train) and a 6-car New Generation Rolling (NGR) Train can carry up to 964 people
- Buses carry 60 people
- Cars typically carry 1 person, the driver (9 in 10 commuter cars carry only the driver)

Redland City Council competes with other Councils for money to fund infrastructure in the city.

Unlike many other Councils, Redlands Coast also needs to consider the unique land and water based transport needs of our nearly 10,000 island residents, and even more holiday visitors.

Compare the pair

- The train trip from Cleveland to Brisbane takes 62 minutes
- The drive during peak periods takes 46-57 minutes

More Redlands transport numbers

- 10% of vehicles on our arterial routes are moving freight.
- In the five year period leading up to 2016, there were 973 vehicle crashes in our city that resulted in 490 hospitalisations and 14 fatalities.
- SMBI ferry passenger trips have grown by 6.5% annually for 15 years.
- 1 million trips on our buses and trains annually
