

Consultation Draft Local Government Infrastructure Plan Mapping Portal - User Guide

Mapping Portal

As part of the public consultation for the draft Local Government Infrastructure Plan (LGIP), Redland City Council has developed an interactive mapping portal that enables the public to view the planned future trunk infrastructure throughout the Redlands to 2027.

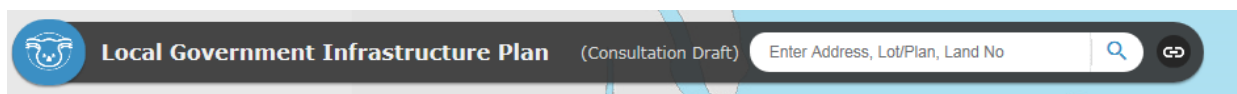

Data Layers

- The layers available in the mapping portal include:
 - Council Electoral Divisions,
 - Base Layer (house and lot numbers, suburbs, roads),
 - Aerial Imagery (Nearmap 50% transparency),
 - Priority infrastructure Area,
 - Future Trunk Parks Network,
 - Future Trunk Stormwater Network,
 - Future Trunk Transport Network,
 - Future Trunk Wastewater Network, and
 - Future Trunk Water Network.

Tools and Widgets

- Mouse wheel to zoom in and out or use the “+” and “-”
- Home button will go to the default extent
- Left click drag to pan
- Searching Toolbar
- Widgets at the bottom of the map

Searching Toolbar

The toolbar has been setup to search for property.

You may search on:

- Property Address.
- Lot/Plan – in this format 64/RP228843.
- Land Number.
- Property Number.

Widgets

These Widgets have been configured;

- Layer List – have the ability to turn layers on or off.
- Legend – this will only display what is currently visible.
- Attribute Table – *discussed below*.

Attribute Table

Clicking on the “Attribute” widget will open a table below in the map.

Item Type	Work Type	Description	Land Timing	Land Cost	Works Timing	Works Timing End	Works Cost	Apt Group
Gross pollutant trap	New	South East Thornlands GPT D	null	0	2,022	2,026	62,123	SE Thornlands Precinct
Gross pollutant trap	New	Kinross GPT D	null	0	2,017	2,020	71,172.0625	Kinross Road Precinct
Gross pollutant trap	New	South East Thornlands Scour Protection Works	null	0	2,022	2,026	20,471.4375	SE Thornlands Precinct
Gross pollutant trap	New	Kinross GPT C	null	0	2,017	2,017	51,376.25	Kinross Road Precinct
Gross pollutant trap	New	Kinross GPT J	null	0	2,019	2,019	51,376.25	Kinross Road Precinct

- It will only show any entries that are currently visible in the extent of the map.
- It is possible to expand the size of the attribute table by dragging it up the screen.
- There is a tab for each feature class.
- Within each tab, it is possible to sort by each column, by clicking on the heading.

If you require further assistance using the mapping portal please contact the customer service on 38298999
